

## ADVANTAGES

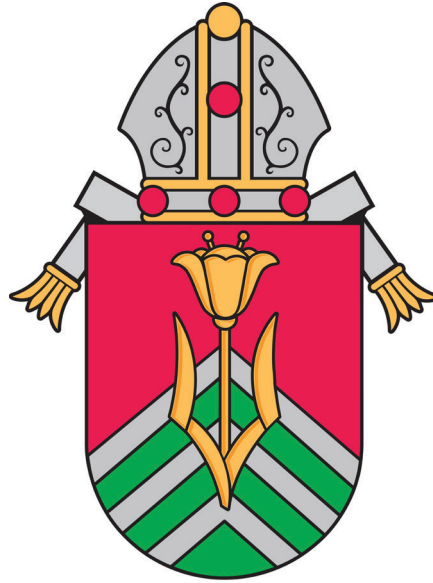

- The online class is particularly effective for today's busy engaged couples.
- It provides a framework for them to dig deeply into their relationship, contemplate and assent to the church's teaching, and to begin their new vocation in holiness.
- Many of the couples prefer the online one-on-one approach to a traditional and more impersonal weekend style retreat.
- It has been useful for couples with irregular schedules or those separated by distance during their engagement.
- Online worksheets foster conversation between the couple, and are followed up with personalized feedback from their instructor.
- CatholicMarriagePrep.com trains and supervises its instructors, and regularly updates the program.
